

Total Room Packages

Thermal Rooms, Patio Rooms and Screen Rooms

Designed to extend your enjoyment of the outdoors without the usual annoyances of wind, rain, insects and harmful UV rays, Sunspace has the sunroom that's right for you. Not only will a new Sunspace Sunroom add beauty and comfort to your home, it will also increase its value. These enclosures can also be installed directly onto an existing patio or deck or under a previously constructed roof.

Whether it's a patio room or a thermal room, either way Sunspace will provide you and your family with a lifestyle change that you will enjoy for years to come.

THERMAL ROOM WALLS

High density 3" foam panels keep this room warm and comfortable and the heavy gauge 3" aluminum extrusions offer strong support for wind and snow load. All extrusions also have commercial grade thermal breaks reducing condensation and heat loss. All windows are

high efficiency glass adding one more level of protection from the elements.

Bronze

INTER-LOCK

The Inter-Lock Roof System is available in 3", 4" and 6" thick panels and has been designed to withstand the most severe climate conditions. Inter-Lock roof panels have high density foam core with aluminum skins laminated on both sides or have an OSB exterior to

accommodate standard shingles. Every roof system has an internal water troughing system to channel away moisture and comes standard with heavy duty extruded aluminum gutters and fascia.

THERMA-DECK

Our poly deck consists of panels with 3.5", 5.5" and 7.25" core of insulation sandwiched between two 1/2" Oriented Strand Boards giving our Thermo-Deck a 25% better insulated rating than conventional

flooring construction. Thermo-Decks eliminate costly foundation work and finished surface can receive carpet, tile or almost any type of flooring.

ENDLESS POSSIBILITIES

Sunspace enclosures have the design flexibility that few systems can offer. All of our sunrooms are custom-designed and engineered to fit the exact specifications of your home's architecture and local building codes. Sunspace sunrooms are available in a variety of colours to allow you to design a sunroom that best suits your needs. Convert an

empty yard, deck or porch into a new room for the family, a children's play room, an exercise room, a spa room, an eating area or just a quiet place to relax in. Ask your authorized dealer for details and their design services.
